Let us know what you think

To improve our services, we welcome and encourage feedback. We hope that you are happy with the service we provide, however if you are not, or you feel that we could do something better (or differently) please let us know.

Our Service aims to:

- Help you to set up and maintain your home
- Support to live independently in your own community
- Provide you with support tailored to meet your needs
- Provide advice, advocacy and liaise with other organisations
- Support you to effectively manage your finances
- Provide you with advice and support for personal safety
- Work towards reducing the stigma around help seeking and alcohol and / or drug use
- Involve you fully in all aspects of your support planning and delivery
- The service is provided in your own home and in your local community.

If I choose to be referred what can I expect from the Service:

- You will meet with a project worker to agree what areas of your life you require support with.
- You will be introduced to the staff member who will meet with you regularly and work with you to achieve your goals.
- You can expect a flexible, confidential service provided by trained staff who will respect you and your home.
- You can expect regular reviews to check that we are on the right track, that you are being involved in decisions and that you are receiving the support you need.

Referral Criteria:

- Be aged 18 or over
- Require support with alcohol and / or drug use issues
- Live in Neath Port Talbot (NPT)
- Require support to secure and /or maintain a tenancy and develop ability to live independently in the community.
- Be willing to engage with the service and the support provided

Referrals routes to the service are open, i.e. we accept self referrals and referrals from organisations working with individuals who use alcohol and/or drugs. Referrals should be emailed to the Council's Supporting People Gateway (spgateway@npt.gov.uk). Those who are street homeless and/or referred by the Neath Port Talbot Street Vulnerable MARAC will be prioritised.
